 - (d) The past performance questionnaire (survey) form, instructions and rating guidelines

selected for use in this solicitation, are shown at Attachment 3. This form shall be used by the offeror to collect past performance information. However, any previous submissions shall be resubmitted if there has been a noticeable change in performance.

(e) For both the offeror and any proposed subcontractor, the offeror shall provide completed "Past Performance Questionnaire" forms for: (i) each contract or subcontract for similar services completed during the last five years; (ii) all contracts and subcontracts currently in process performing Warehousing Services for the Federal Government. Each Past Performance Questionnaire shall show, in the top margin of the form, the number, which references the contract to the Index listing at TAB 1.
- (c) Tab 3 The offeror shall submit, for each proposed subcontractor, all completed Past Performance Questionnaires related specifically to proposed subcontractor past performance.

Page 390, Paragraph M03 – EVALUATION FACTORS FOR AWARD

Replace Paragraph (f)(4) with the following:

(4) Evaluation of past performance will be a subjective assessment based on a consideration of all relevant facts and circumstances. It will not be based on absolute standards of acceptable performance. The Government is seeking to determine whether the offeror has consistently demonstrated: experience interfacing with multiple customers; ability to operate proprietary data systems; ability to meet customers requests for specific delivery time frames; ability to meet or exceed performance standards; ability to perform warehousing and distribution operations; ability to respond to unforeseen customer problems/events. This is a matter of judgment.

(X) B02 – <u>Illustration of Evaluation Procedures</u> (applicable to CLINs 0001, 5001 & 6001) CLINs 0001AD, 5001AD & 6001AD will not be considered in the base and option period price evaluation for CLINs 0001, 5001 & 6001, but these CLINs will be evaluated for cost reasonableness and realism.

For evaluation purposes only, the prices for CLIN 0001, 5001 & 6001 will be evaluated under the following estimated scheme:

A. CLIN 0001

- 1. The monthly price for CLIN 0001AA will be multiplied by the fraction 11/36.
- 2. The combined monthly price for CLINs 0001AA and 0001AB will be multiplied by 22/36.
- 3. The combined monthly price for CLINs 0001AA, 0001AB, and 0001AC will be multiplied by 3/36.

These figures will then be added together to form the total monthly price for CLIN 0001 and multiplied by 36 months to form the base period pricing of CLIN 0001.

Illustrative example:

```
CLIN 0001AA (0 – 35,000 lines) = $100,000 CLIN 0001AB (35,001 – 49,000 lines) = $ 15,000 CLIN 0001AC (49,001 – 82,000 lines) = $ 25,000  \$ 100,000 * (11/36) = \$ 30,555.55 \\ \$ 115,000 * (22/36) = \$ 70,277.78 \\ \$ 140,000 * (3/36) = $ 11,666.67
```

TOTAL MONTHLY PRICE = \$112,500.00

TOTAL EXTENDED PRICE FOR BASE PERIOD \$112,500 * 36 = \$4,050,000.00

B. CLINS 5001 & 6001

(CLIN 6001 will use the same approach as CLIN 5001)

1. The monthly price for CLIN 5001AA will be multiplied by 4/12.

NEW PAGE 8a of 391

- 2. The combined monthly price for CLINs 5001AA and 5001AB will be multiplied by 7/12.
- 3. The combined monthly price for CLINs 5001AA, 5001AB, and 5001AC will be multiplied by 1/12.

These figures will then be added together to form the total monthly price for CLIN 5001 and multiplied by 12 months to form the option period pricing of CLIN 5001.

Illustrative example:

```
CLIN 0001AA (0 - 35,000 \text{ lines}) = \$100,000
CLIN 0001AB (35,001 - 49,000 \text{ lines}) = \$15,000
CLIN 0001AC (49,001 - 82,000 \text{ lines}) = \$25,000
